Newsy Items Gathered from Various City Officers.

Director of the Poor Moerdyk is a very busy man. Great and long existing abuses exist in the management of expressed his determination to correct them. "It will take time," he says, "and a deal of it, but a new and better system will in the future prevail in the management of the office and its many pensioners." There are several well known instances of families which for the past twenty years have been almost wholly supported by the city. A score of families who are unworthy of municipal aid have come to expect help from the city as their just due. The change in office brought back many old pensioners who thought that they would be able to impose upon the new director, he being unfamiliar with those receiving aid. To keep track of all these impostors and head them off keeps the director very busy investigating cases. and a deal of it, but a new and better gating cases.

A Rochester Boycott Which Interests A Most Wonderfel Array of Outspoken
Grand Rapids Clothiers.

The Knights of Labor of Rochester isters of the Gospel.

No class of people in the community have a deeper interest to the welfars of the people than Ministers of the Gospel. They are brought close to the members of their congregation, study their wants, and are consulted on all subjects. Of late years, pastors are becoming well versed in those talogs which contribute to the physical as well as spiritual camfort of their people. Many prators are also physicians, and all seek carnestry for those things which they believe to be worthy and valuable. The following statements made by Ministers

of the Gospei, bearing upon this important point are most valuable:

point are most valuable:

Rev. S. P. Smith, Marbeihand, Mass.: "For years I suffered from compileations of the liver, which caused billousness, and finally threw me into billous fever. I was attended by a skilling physician, but still I endered periodical billious attacks and intense usin from the formation of gall stones. I finally was obliged to suspend my pasioral work, when, after a thorough freatment with a most wonderful cure. I was entirely restored to hear the and was able to work harder than ever. My appoints returned, my digitation was perfect, and I feet that I owe my restoration cut I to Warner's Sale Cure. I take pleasure in recommending it as a great remedy for all diseases of the liver."

Rev. C. A. Harvey, D. D., Washington, D. C.:

Rev. C. A. Harvey, D. D., Washington, D. C.

"I take pleasure in stating that I have to many years been acquainted with the well known Warner's Sats Cure, and with its remarkable curative-efficiency in obstitute and so-called incurable cases of Braght's disca e in this city. In some of these cases, which seemed to be in the last stages, and which has been given up by practitioners of both schools, the speedy change wrought by the remedy seemed but little less than miraculous. I am convinced that for Bright's disease, in all its singes, no remedy heretofore discovered, can be held for one moment in comparison with this."

Rev. Benjamin Hail, New Castle, Westchester Co., N. Ye. "I suffered for a long time from malaria. I ran down in weight 30 pounds, could not steep, and was unable to take care of my ya th. I consulted one of the best pathologists in the City of New York, who found my fluids badly impregnated with abunch mucous, with hyaline casts abundant to mend rapidly. My back ceased to ache, the maintial symptoms disappeared, and I now weigh more than ever before. After my recovery I had another analysis made, when my fluid proved to be entirely free from casts, with only a slight trace of albumen. The acctor said the casts were of the most dangerous character, and that I had had a very narrow escape."

Rev. Henry C. Westwood, D. D., Providence.

Rev. Henry C. Westwood, D. D., Providence, R. L. declares: "Ten years are I used Warner's Safe Cure and derived so bluch benefit from it that I wasted to voluntarily write a testimonial in its favor. Since then some of my friends have proved the virtues of the medicine, and recently a relative has been greatly relieved by its use. I therefore begieave to piace more emphasis upon the opinion of this remedial agent, expressed by me some ten years ago."

ten years ago."

Rev. J. P. Arnold, Camden, Tenn., makes the following statement: "For eight years I suffered from Bright's disease of the kidneys. The torture I endured no tongue can tell. One day I was laid up with an abscess, which discharged pus for twenty months. The best doctors in the country attended me, but could give no reliet. Two abscesses were running constantly, and, in fact, they only ceased to run atter I began using Warner's Safe Cure, which. I am pleased to say, restored me to perfect health."

Rev. S. B. Belt. D. D., formerly pastor of Fire Presbyterian Church, Kansas City, Mo., as serts: "I have been most wenderfully delivered from many proxysms of unendurable to ture by Warner's Safe Cure. Its virtues should be known by all the world."
